

**CAUTION**

Risk of explosion if the battery is replaced with an incorrect type. Batteries should be recycled where possible. Disposal of used batteries must be in accordance with local environmental regulations.

**ATTENTION!**  
If RAID is enabled in the BIOS, SATA ports 2 and 3 as labeled on the Desktop Board will become SATA ports 4 and 5 respectively in the Intel Matrix Storage Console and the RAID Option ROM Utility (Ctrl-I). Exercise caution when replacing a failed drive within a RAID array. See the system documentation for more information.
