Product Change Notification

Change Notification #: 107725 - 00
Change Title: S5000PAL/XAL, PCN 107725-00, Product Discontinuance, Class 1, S5000PAL/XAL Product Discontinuance Announcement
Date of Publication: July 13, 2007

Key Characteristics of the Change:

Product Discontinuance

Forecasted Key Milestones:

Last Product Discontinuance Order Date:	Sep 07, 2007
Last Product Discontinuance Shipment Date:	Nov 09, 2007

Description of Change to the Customer:

Intel is announcing the discontinuance of the Intel® Server Boards S5000PAL/XAL. Intel is providing two (2) months to place final orders and two (2) months to take the final delivery.

1. This product discontinuance notification is effective July 13, 2007.
2. Final purchase orders for the affected products must be placed by September 07, 2007 (Final Day To Place Orders)
3. The final quantity to be shipped must specify a customer request date (CRD) no later than November 9, 2007 (Final Day To Take Delivery of Orders)

Final purchase orders are non-cancelable and non-returnable, notwithstanding any conflicting terms in our quotes, purchase order acknowledgment or Distributor agreements.

Intel recommends the Intel Server Board S5000PALR as replacement product for the current S5000PAL, and BB5000PALR and S5000XALR for the current BBS5000PAL and BBS5000XAL.

Please contact your local Intel Sales Office or Distributor if you require more information or need assistance in selecting a replacement product.

Customer Impact of Change and Recommended Action:

To support the upcoming release of 45nm Intel(R) Xeon(R) Processors and to ease customer transition to this new generation of processors, Intel will be "refreshing" (new product codes and new MM#'s) all its current products based on the Intel(R) 5000 Series MCH.

Besides the required VR/Vtt changes to support the new processors, the entire SW stack (BIOS, BMC, FRUSDR) will also change. The Closed Loop

Thermal Throttling (CLTT) feature is also being added to the Refresh Products. Customers are highly recommended to upgrade their SW stack to the latest released versions although the new HW is considered to be "backwards compatible" for maintenance and older processor support.

Note: Customers are reminded to place their final orders with Intel for the affected products latest by September 07, 2007. Final delivery of product must also be completed no later than September 21, 2007.

Products Affected / Intel Ordering Codes:
