June 24, 2008

Dear Intel EPSD server product customer:

Intel announces the product discontinuance of the Intel® Entry Storage System SS4000-E on July 1, 2008.

This notification affects the following server board product codes:

Product Code	MM #	Product Description
SS4000E	879110	Production SS4000-E unit. Each unit is sold separately.
SS4000ENA	882880	North America Production SS4000-E unit. Each unit is sold separately.

This notification also affects the following accessory and spare SKUs:

Product Code	MM#	Product Description
FXX10DVCARBLK	880265	Drive Carrier Spare – 10 pack
FXXSS4000EPS	879285	Power Supply Spare
FXXSS4000ECFAN	879284	Fan Spare

Customers have two (2) months to place final orders, and four (4) months to take the final delivery of product.

Summary:
1. This product discontinuance notification is effective July 1, 2008.
2. Final purchase orders for the affected products must be placed by August 31, 2008.
3. The final quantity to be shipped must specify a customer request date (CRD) no later than December 31, 2008.

All final purchase orders as of August 31, 2008 for the listed products are non-cancelable and non-returnable, notwithstanding any conflicting terms in our quotes, purchase order acknowledgment or Distributor agreements.

Intel recommends the Intel® Entry Storage System SS4200-E as replacement products. Contact your local Intel Sales Office or Distributor if you require more information or need assistance in selecting a replacement product.

Sincerely,

Intel Enterprise Platform and Service Division
